We recommend customers currently using this calibration tester system should be transitioned to the Welch Allyn 9600 Plus Calibration Tester.

The 9600 Plus Calibration Tester verifies calibration of the following thermometers:

- Welch Allyn SureTemp® models (678, 678 OEM, 679 and 986)
- Welch Allyn SureTemp® Plus models (690, 692 and 692 OEM)
- Braun ThermoScan® Pro 3000 and Pro 4000

The replacement item part numbers are listed below:

01802-110 9600 Plus Calibration Tester, 110V  
01802-220 9600 Plus Calibration Tester, 220V

Please contact Welch Allyn for information on converting to the Welch Allyn 9600 Plus Calibration Tester including details on any special promotions that may be available in your geographic area.

Should you have any questions regarding this notice, please don't hesitate to contact a Welch Allyn Customer Service Representative.

Best Regards,
